

# Preparation of Papers - IEEE ICET 2014

## Paper Format and Templates:

All papers must follow the IEEE ICET 2014 Conference Paper format guidelines and authors are advised to use the IEEE Manuscript Templates for Conference Proceedings, available at this [Website](#).

## Verifying the Paper:

IEEE ICET 2014 has registered to use IEEE PDF eXpress to generate and verify the format of all papers submitted. IEEE PDF eXpress is a free service to IEEE Conferences, allowing their authors to make IEEE Xplore-compatible PDFs (Conversion function) or to check PDFs that authors have made themselves for IEEE Xplore compatibility (PDF Check function).

## Steps for checking or converting PDFs using IEEE PDF Express:

1. Create your manuscript(s).
2. Proofread and check layout of manuscript (it is highly recommended that this be done BEFORE going to IEEE PDF eXpress).
3. Create IEEE PDF eXpress account.
4. Upload source file(s) for Conversion; and/or PDFs for Checking.
5. Use IEEE PDF eXpress to attain IEEE Xplore compatible PDF(s). The site contains extensive instructions, resources, helpful hints and access to technical support.
6. Submit final, IEEE Xplore-compatible PDF(s) per the instructions found below. **Uploading a paper to IEEE PDF eXpress is not the same as submitting the paper to the conference for review. The checked PDF paper still needs to be submitted by the normal means.**
